QUEENS - LONG ISLAND
MASS TRANSPORTATION DEMONSTRATION PROGRAM

Robert T. Dormer
Director

14th Floor
250 Broadway
New York, N. Y. 10007

Telephone:
566-6743
566-6744

The Queens-Long Island Mass Transportation Demonstration Program is making an inventory of commuter parking facilities at all Long Island Rail Road stations. This inventory is part of a series of studies which the Program has undertaken as described in the attached "Newsletter #1."

The commuter parking information we are seeking will help to expedite the work of the project and its consultants in developing data to guide the planning for new and improved transportation facilities serving Long Island.

Attached are forms outlining the information desired. We would appreciate your completing and returning them at your earliest convenience. Copies of the inventory report will be made available to you when all the information has been assembled.

Thank you for your cooperation.

Yours truly,

Robert T. Dormer

RTD:mp
